

Weekly Market Letter.

Kansas City, Oct. 17.—Cattle receipts here last week were 89,000 head, including 11,000 calves, about a normal run for the time of year, but larger than in the week previous. The range states sent in more cattle, and Kansas and the quarantine territory less than a week ago. The last name territories will drop down rapidly in receipts from now on, but the range states will continue at the maximum for two or three weeks yet. The market held up in fine shape last week, everything holding up steady to firm, with the single exception of calves, which lost about 25 cents. The run today is several thousand head less than on recent Monday's, 21,000 head, besides about 3,000 calves. Chicago had over 40,000 head today, with lower prices, and it was feared at the start that this might cause some weakness here, but the market here held steady. Last week closed up healthy, and with normal receipts all around today prices would have been higher at this market. A little colder weather would help the market on killing stuff, and with the recession in receipts likely immediately to come, it looks like prices should be strong. Large runs of range are playing havoc at Chicago, and owners are being advised to hold back when convenient, in native territory, until the big move ment from the northwest subsides, a little. Best steers in the open market brought 8.15 here last week, although show cattle sold at 7.60 to 8.60. The best here today brought 7.45 and bulk of the grass steers here from Kansas are selling at 4.60 to 6.00, grass cows 3.40 to 4.35, heifers up to 5.00, bull 3.25 to 4.25, calves 4.00 to 8.00, stockers 3.40 to 5.15, feeders 4.00 to 5.75.

For a change the hog market made a gain of 9 cents on an average for the week last week. The run continues infinitesimal, only 23,000 head last week, less than half the run the same week a year ago. Supply is 3,500 here today, market strong to 10 cents higher on most sales, after an attempt of the packers to get them at lower prices. Buyers have been trying to pound heavies lately, trying to discourage owners in the popular disposition to make big hogs, and boosting lights, in an effort to entice more of this kind to market. A year ago light hogs were about a quarter under the heavies, exactly reverse of present conditions. Heavy hogs brought 8.60 to 8.80 today, medium weights 8.75 to 9.05, lights 8.90 to 9.05.

Sheep and lambs held up about steady last week, run 53,000 head. Supply today is 22,000 head with sheep steady, lambs 15 to 25 cents lower. This might be a good week to get some sheep to feed, as about 75 per cent of the receipts now are too poor to be taken to the shambles with any profit. Best lambs today brought 6.15 feeding lambs worth 5.50 to 6.00, killing yearlings up to 5.25 ewes 4.00, weathers 4.50, feeding wethers 3.90 to 4.25.

The Public Utilities Bill.

We are gratified to learn, by an editorial in the Topeka Capital, under date of Sept. 18th, that the stand taken by us in the last legislature on the Public Utilities bill, is now approved by Governor Stubbs. We voted against the measure as he had it proposed, which provided for every utility, large or small, local or state wide, to be put under one commission. We opposed the measure because we felt that every community should be permitted to control their own utilities, without any expense to the general taxpayers of the city, and without the building up of a political machine. We felt that the farmers of the state were not interested in the regulation and control of the utilities alone, but that all were in of the cities, but that the cities terested in the regulation and control of state wide utilities. We had the pleasure of introducing amendments to pending legislation which would have given the state board of railroad commissioners jurisdiction over all state wide utilities. This was defeated. And although the governor did not at that time champion such division of utility regulation, he now does, according to the Topeka Capital. This was the stand we took on this subject, and we believe it was the right one. It provided a means whereby municipalities could control their utilities, and the state board of railway commissioners control state wide utilities. That is what the

governor himself is advocating now.

A Change of Heart.

Many of the Republicans of this county are urging the election of the Republican candidate for the legislature on the ground that he is a farmer, and therefore understands the needs of the farming interests better, and that this is strictly an agricultural county. The latter assertion is true. This is and has been for years an agricultural county but the opposition has now, in this campaign, for the first time in 14 years, recognized the farmers by putting up one of their number for representative, and he is not the first choice of the party. Their first choice was a banker. If their contention is true, why this change of heart. It is all fodder, written for political purposes.

Nice, smooth 3/4 section, \$15.00. M. H. Lum, Dodge City, Kas. tf

Brown, deceased, late of Barton County. All parties interested in said estate will take notice and govern themselves accordingly.

Fred Walker, Administrator.

(First published in the Barton County Democrat Oct. 14, 1910)

Notice of Publication.

State of Kansas, Barton County, SS.

In the District Court for said county.

Melvina Loomis, Plaintiff, vs. William E. Loomis, Defendant.

Said defendant, William E. Loomis, will take notice that he has been sued in the above named Court for a divorce, and must answer the petition filed therein by said plaintiff on or before the 23rd day of November, 1910, or said petition will be taken as true, and a decree will be rendered as prayed for in the petition as filed by plaintiff.

James W. Clarke,

Attorney for Plaintiff.

Attest: S. M. Kellam, Clerk of said Court. By Beulah Kellam, Deputy.

(First published in the Barton County Democrat Oct. 21, 1910.)

Notice of Final Settlement.

The State of Kansas, Barton County, SS.

In the Probate Court in and for said County.

In the matter of the Estate of W. H. Annis, Deceased.

Creditors and all other persons interested in the aforesaid estate are hereby notified that I shall apply to the Probate Court, in and for said County, sitting at the Court House in Great Bend, County of Barton, State of Kansas, on the 15th day of December, A. D., 1910, for a full and final settlement of said Estate.

R. M. ANNIS, Administrator of the Estate of W. H. Annis, Deceased.

17th day of October, A. D., 1910.

FOR CONSTIPATION.

A Medicine That Does Not Cost Anything Unless It Cures.

The active medicinal ingredient of Rexall Orderlies, which are odorless, tasteless and colorless, is an entirely new discovery. Combined with other extremely valuable ingredients, it forms a perfect bowel regulator, intestinal invigorator and strengthener. Rexall Orderlies are eaten like candy and are notable for their agreeableness to the palate and gentleness of action. They do not cause griping or any disagreeable effect or inconvenience.

Unlike other preparations for a like purpose, they do not create a habit, but instead they overcome the cause of habit acquired through the use of ordinary laxatives, cathartics and harsh physics, and permanently remove the cause of constipation or irregular bowel action.

We will refund your money without argument if they do not do as we say they will. Two sizes, 25c and 10c. Sold only at our store—The Rexall Store. The Hooper Drug Co.

\$10,000

Worth of Merchandise To Be Slaughtered

We were again able to take ADVANTAGE of the MANUFACTURERS' FORCED SALES. Owing to the warm, unseasonable weather throughout the country, the factories were compelled to realize on their stocks. WE HAD THE CASH—YOU KNOW THE REST. We are going to offer you up to date merchandise at less than cost of production.

A WEEK OF BARGAINS

Sale Begins Saturday, October 22 ---- Ends Saturday, October 29
